

The H&P of The ASC

April 2024

March, we had a total of 706 cases!

2,177 Total cases for Q1.

180 cases up from last year!

HR Update

May is HealthStream Required Education month! The classes will roll out on May 1 and will be due on May 31. You will be allowed time by your manager to complete your classes.

Please keep track of time it takes for this training (as best as you can) so we can appropriately document in Bergen our education \$\$.

Don't forget....

Solar eclipse of April 8, 2024

April 24th is...

Patient Comments:

I do not know any way in which this procedure could have been done with more professionalism, efficiency, and empathy than how it was handled by the entire staff at the Ambulatory Surgery Center at Maple Grove. No notes, excellent experience.

Everyone that helped me yesterday was friendly and made me feel comfortable. When I was brought into the procedure room, Jane, Lori and Craig made me really feel at ease. Dr. Pooler was so good...he took time and explained everything to me and my husband.

Everyone was very professional and caring towards my son. They explained everything in ways that both myself, my husband and my son were able to understand. Every person we encountered were very nice and helpful!
